Useful information before registering (Open Banking)

COVENTRY | Building Society

It is recommended that this information is reviewed to ensure that you have the relevant details prior to completing the Registration form to onboard with Coventry Building Society (CBS).

Section	Description
Primary business contact	The Primary Business Contact (PBC) will be the main and formal point of contact with CBS. This person should be a senior member of staff responsible for systems and controls relating to openbanking with CBS. This individual must have the authority to agree to the declaration on behalf of your company. This includes being authorised to make the application on behalf of the entity and any other individuals named on the form.
Primary technical contact	The Primary Technical Contact (PTC) will be the main point of contact on technical configuration. This should be a senior member of staff with responsibility for the management of the openbanking digital identity This individual must have the authority to agree to the declaration on behalf of your company. This includes being authorised to make the application on behalf of the entity and any other individuals named on the form.
Software application	This section is mandatory, you will need to generate a Software Statement Assertion (JSON Web Token issued and signed by the OpenBanking Directory). The Software Statement Assertion (SSA) should be generated from the Production OpenBanking Directory. The SSA can be opened in a text editor, the entire contents should be pasted into the field. A different SSA will need to be generated for each environment required (development, staging or production).
